

WORLD OF MATHS

is a presentation of exciting and educational, hands-on, problem solving activities that will come to your school for your students.

Why book World of Maths?

- * We come to you.
- * Unique displays designed by qualified maths teachers.
- * Students are kept fully occupied in small groups.
- * Activities cover a variety of topics on the syllabus.
- * Most activities relate to real-life situations.
- * All abilities are catered for.
- * Promotes positive attitudes towards mathematics.
- * 8 page answer/follow-on booklet supplied.
- * Fun and entertaining, while educational.
- * Parents always welcome.
- * Great value for money.

Teacher information:

There are **17** large, colourful displays in each session, with corresponding worksheets for the students and an 8 page booklet for the teachers with answers and follow-on information.

There are activities belonging to the strands of:
number, space, measurement, chance and data and logical thinking and sequencing.

The instructions and questions on the displays make each session a guided discovery lesson where the students solve a variety of problems, discover number patterns, identify geometric properties, think logically and apply mathematics to the physical world.
