

WORLD OF MATHS NZ

An exciting and educational, hands-on Maths Workshop
that comes to your school for your students.

Engage your students and strengthen their **problem solving** ability.

Benefits:

- *34 large, colorful, unique activities
- *Covers a large variety of mathematical topics
- *Real life situations, practical problem solving
- *Designed by qualified Maths Teachers
- *All abilities catered for
- * All hands-on no textbooks or devices
- * Team work, communication and guided discovery
- * Fun and engaging while learning
- * Students are intrigued and excited

Teacher information:

There are 17 large, colourful activities in each session, with corresponding worksheets for the students and an 8 page booklet for the teachers with answers and follow-on information.

Our activities belong to the strands of: number, space, measurement, chance and data and logical thinking and sequencing.

The instructions and questions on the activities make each session a guided discovery lesson where the students solve a variety of problems, discover number patterns, identify geometric properties, think logically and apply mathematics to the physical world.

General information:

The activities are set up in a convenient area, such as a hall, library, double classroom or multi-purpose room, with 15 tables.

Session times:

Up to: 70 minutes Years 0-4.
Up to: 90 minutes Years 5 -9.

Prices from: \$5.00 +GST per student. Minimum charges apply.
